Product Description

Smoke detector, smoke alarm, fire detector, fire alarm
SD-218 series photoelectric smoke detectors with EN14604 certificate

Features:
1) Photoelectric sensing technology
2) Low-sensitivity warning
3) Low-battery warning
4) Polished low-profile housing design
5) Battery case on the back of the detector for easy removal
6) SMD circuit board design: Satisfactory quality and reliability guaranteed
7) Test button for battery and alarm operation verification
8) Loud alarm signal exceeding 85dB in alarm mode
9) Easy installation and maintenance
10) Five-year warranty
11) EN14604 approved by BSI

Smoke Sensitivity: 2.26+/-1.21%/FT Obscuration (EN standard)

Battery Availability: 15months

Standby Current: 8μA

Alarm Current: 15mA

Temperature Range: 0°C to 50°C

Humidity: 0 to 95% RH, no condensation or icing

Alarm Sound Level   85 db/3m
