

AUTOMATIC AND MANUAL RELEASE HOOK 31KN-37KN FOR LIFEBOAT AND LIFE RAFT

The 31KN- 37KN Life Raft/Rescue Boat Hook is a combined automatic release hook which can handle rescue boats and life rafts up to a safe working load of 37KN.

FEATURES:

- ✓ Increase safety. The crew only need to familiarize themselves with one hook, instead of two. Also there is no second hook, dangerously swinging around when lowering.
- ✓ In distress situations the crew will instantly know which hook to use, as there is only one hook.
- ✓ Economical, one hook solve all.
