JB08FE Fire Fighter's Equipment cabinet

Typical use:

For the storage of 2 sets of Fire fighter's equipment including SCBA with uniforms folded on a shelf. This cabinet is widely used in the Offshore energy and marine sectors.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The cabinet comes fitted with 1 shelf and 2 plastic coated sprung clips to hold the SCBAs in place.

The door can be specified with left or right hinging and features a nylon rod handle to pull the door open to guarantee fast access even when wearing gloves.

Standard specification:

Dimensions: Height x width x depth

1475 x 916 x 442 mm (58.07 x 36.06 x 17.4")

Aperture: 1234H x 699W mm (48.58 x 27.52")

Internal depth: 388 mm (15.28")

Weight 35Kg (77Lb)

Material specification:

Colour: Red RAL 3000

Material: Lloyds approved composites with UV stabilised gelcoat

Hinges: 316 Stainless steel

Handle: Nylon Rod

Seal: EPDM

Optional Extras:

Other RAL colours
